

## WSTIMS For Windows

### Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	M	1.0.1.44	Scorebook	Event group is always blank. Should show when group is the same for all events	Fixed
Closed	L	1.0.1.44	Trick Summary	Need to add the head to head option	Enhanced to include option and functionality
Closed	L	1.0.1.44	Jump Summary	Need to add the head to head option	Enhanced to include option and functionality
Closed	M	1.0.1.44	Slalom Summary	Sort report using division order	Done
Closed	M	1.0.1.44	Trick Summary	Sort report using division order	Done
Closed	M	1.0.1.44	Jump Summary	Sort report using division order	Done
Closed	M	1.0.1.44	Slalom Team Summary	Sort report using division order	Done
Closed	M	1.0.1.44	Trick Team Summary	Sort report using division order	Done
Closed	M	1.0.1.44	Jump Team Summary	Sort report using division order	Done
Closed	M	1.0.1.44	Import	When IWWF rule set is selected getting errors during import for members with non-IWWF divisions.	Fixed issue with the import throwing errors for the non-IWWF divisions when IWWF rule set is selected. Was validating the division before checking to see if skier is registered.
Closed	L	1.0.1.44	Sort	When selecting sort order selection is not always being accepted and is reverting to empty	Sort dialog has been quirky but it should work more smoothly now.
Closed	H	1.0.1.44	Overall Summary	Not calculating correct overall for IWWF when all events are not entered.	Changed processing to use Overall Elig indicator rather than Overall Qualified. That will check if an individual is registered for all required events rather than having scores.
Closed	H	1.0.1.44	Team Management	Create export feature on this window	Export icon will now export the team data grid, the same thing that is printed. It will be exported to a tab delimited text file that can be imported to Excel
Closed	H	1.0.1.44	Team Management	Skier order is not being calculated correctly when rotation does not a skier from each team	Calculation corrected to use number of teams as the max number of skiers per rotation.
Closed	L	1.0.1.44	Running Order	Would like page break after each event group	Done
Closed	H	1.0.1.44	Slalom Summary	Team code is not printing	Reformatted column headers to ensure all columns fit on standard print.
Closed	H	1.0.1.44	Trick Summary	Team code is not printing	Reformatted column headers to ensure all columns fit on standard print.
Closed	H	1.0.1.44	Jump Summary	Team code is not printing	Reformatted column headers to ensure all columns fit on standard print.
Closed	L	1.0.1.44	Running Order	Would like line breaks for collegiate between rotations	Done
Closed	M	1.0.1.44	Slalom Team Summary	Would like a team placement without skier detail in addition to the detail results	Done
Closed	M	1.0.1.44	Trick Team Summary	Would like a team placement without skier detail in addition to the detail results	Done
Closed	M	1.0.1.44	Jump Team Summary	Would like a team placement without skier detail in addition to the detail results	Done
Closed	M	1.0.1.44	Slalom Team Summary	Review order of report columns to provide consistency.	Done
Closed	M	1.0.1.44	Trick Team Summary	Review order of report columns to provide consistency.	Done
Closed	M	1.0.1.44	Jump Team Summary	Review order of report columns to provide consistency.	Done
Closed	H	1.0.1.44	Team Overall	The Men and Women Individual Overalls are NOT correct. They are placed by NOPS points rather than Team points from the events. This has been noted and should be fixed in the next upgrade.	This was an oversite and has been corrected to use placement
Closed	M	1.0.1.44	Web Scorebook for NCWSA	Reorder event summaries, use overall points and not NOPS	Done
