

WSTIMS For Windows

Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	M	1.0.1.45	Jump Entry	Show pass message in score message box when pass is clicked	Done
Closed	L	1.0.1.45	Import	Would be nice to be able to bail out once it is apparent load isn't working properly	Added feature to cancel import process after errors are detected.
Closed	L	1.0.1.45	Running Order	Would like a 2up print out.	Added option on "Run Order" icon to export a side by side duplicate of the running order
Closed	L	1.0.1.45	Running Order	Would like separation on running order print	Added page break between each division
Closed	H	1.0.1.45	Import	Support assigning a skier to an A team and a B team on a single line in the registration template	This is now allowed
