Notes
Added a combined team results to scorebook when teams are detected for tournament.
Fixed
Done
Modified the "No Groups" reporting option. Changed the label to "Combined". The combined report for collegiate will combine the specified number of skiers from the CM and CW to a combined summary. For AWSA and IWWF it will select the best scores from any skier assigned to the specified team regardless of division.
This was only an issue with the IWWF version. It has been corrected.
