WSTIMS For Windows
Fix List

Status	Priority	Fix Version	Program Version	Component	Issue
Closed	M	154	1.0.1.54	Running Order	For eliminate option the order should be reversed. Currently the order really contains the seeding therefore the actual order should be reversed from that.
Closed	L	154	1.0.1.54	Trick Entry	Would like running totals as scores are calculated
Closed	L	154	1.0.1.54	Trick Entry	Add score to skier list grid
Closed	H	154	1.0.1.54	Boat Use	Add validations to ensure that credit has been applied or that it was intentional not given credit
Closed	H	154	1.0.1.54	Official Work Record	When chief official is checked it is not always updating the name in the tournament record
Closed	M	154	1.0.1.54	Trick Summary	Hide group unless placement organization is using group
Closed	M	154	1.0.1.54	Jump Summary	Hide group unless placement organization is using group
Closed	H	154	1.0.1.54	Slalom Summary	Sort and Filter are not working

Notes
Changed sort order to reverse of seeding.
Added running totals on trick forms and print version.
Added score to grid
Added warning message when Tournament Package Build window is opened if a boat is added but has no indicator of use or credit. This warning is to ensure that it wasn't inadvertent that nothing was checked for a boat.
I've simplied the update process to ensure the updates are consistently applied.
Done
Done
Corrected processing to properly utilize user supplied sort and filtering options
